In re Application of	:	
Lohr, et al	:	
Application No. 10/782,516	:	
Filed: February 18, 2004	:	ON PETITION
Attorney Docket No. 04015	:	
For: COMPOSITE HINGED DOOR AND	:	
INSERT THEREFOR	:	

This is a decision on the petition under 37 CFR 1.137(a), filed February 10, 2006 to revive the above-identified application.

The petition under 37 CFR 1.137(a) is **DISMISSED**.

Any further petition to revive the above-identified application must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are permitted. This is **not** final agency action within the meaning of 5 U.S.C. § 704.

The Office contends that the above-identified application became abandoned for failure to submit a reply to the August 10, 2004 Notice to File Missing Parts of Nonprovisional Application, which set an extendable two month period for reply. No reply being received, the Office considered this application abandoned on October 11, 2004. A Notice of Abandonment was mailed on May 13, 2005.

Petitioner asserts that the August 10, 2004 Notice was not received in practitioner's office. Petitioner argues that the failure of the USPTO to respond to a number of status inquiries makes the delay in responding to the August 10, 2004 Notice unavoidable and unintentional.

A review of the record indicates no irregularity in the mailing of the August 10, 2004 Notice, and in the absence of any irregularity there is a strong presumption that the communication was properly mailed to the applicant at the correspondence address of record.

A review of transmittal submitted with the original application papers reveals that the Office was **expressly directed** to send correspondence to Customer Number 29879, which is:

ROBERT LEE HARTLEY JR.  
1109 BARBADOS AVENUE  
MARION OH 43302

The above address is precisely where the August 10, 2004 Notice was mailed.

A review of later filed correspondence leads the undersigned to believe that petitioner should have typed 20879, not 29879 on the transmittal letter.

An applicant is responsible for specifying a correct correspondence address. A delay caused by the failure on the part of the petitioner to provide the Office with a current correspondence address does not constitute an unavoidable delay. See Ray v. Lehman, 55 F.3d 606, 34 USPQ2d 1786 (Fed. Cir. 1995).

The application became abandoned because applicant did not inform the Office of the correct correspondence address; therefore, the petition under 37 CFR 1.137(a) is dismissed.

Petitioner is strongly encouraged to file a petition to revive under the unintentional standard of 137(b). A copy of the August 10, 2004 Notice is enclosed to allow petitioner to file a proper reply with the Rule 137(b) petition.

It is noted that only one of the two inventors has signed the declaration for patent application. A Rule 47a petition may be required for Mr. Lohr, if he has refused to sign the declaration or cannot be reached, despite diligent effort.

It would be inappropriate to enter the power of attorney/change of correspondence address signed by Mr. Brown at this time because Mr. Lohr's interest has not been accounted for.

(1) An assignee, complying with 37 CFR 3.73(b), intervening in Mr. Lohr's place,  
(2) a grantable Rule 47(a) petition, or (3) Mr. Lohr's signature on the power of attorney/change of correspondence address is required to effectuate the changes.

A courtesy copy of this decision will be mailed to the customer number listed on the declaration.
